

National Drug Take Back Day September 27th | 10AM-2PM

The Drug Take Back day aims to provide a safe, convenient and responsible means of disposing of prescription drugs while also educating the public about the potential for abuse.

In an effort to reduce the amount of accidental prescription drug overdoses among our children, and in an effort to safely destroy unused, unwanted prescription medication County Sheriff's Departments and Walgreens have joined forces for you!

Come join us on Saturday to return your unwanted/unneeded prescription drugs. There will be games and activities for the children, medical screenings along with education opportunities.
