

Lieutenant Governor's Office on Aging State Waiver Form Waiver: W-001

By signing the Lieutenant Governor's Office on Aging's (LGOA's) State Waiver Form, the
Waccamaw Regional Council of Governments

Planning and Service Area

has determined that there is a need within its planning and service area to waive an existing LGOA policy and procedure to better serve the needs of its region.

Older Americans Act (OAA) Section 305(a)(1)(C) authorizes the LGOA to set policies to deliver aging services in South Carolina and states that the LGOA "be primarily responsible for the planning, policy development, administration, coordination, priority setting, and evaluation of all State activities related to the objectives of this Act." The OAA and the South Carolina Code of Laws are the foundation of the aging service delivery system across the State.

In accordance with the OAA, the LGOA has established written policies and procedures to administer aging services and programs in South Carolina. The procedural protocols set by the LGOA to deliver aging services are based on Federal and State Law. However, the LGOA acknowledges that the Planning and Service Area (PSA) could determine that there may be an extenuating circumstance regionally which results in a PSA generating a waiver.

State Waivers, which allow the PSA to operate outside the written policies and procedures of the LGOA, will not be accepted if it is determined that the waiver conflicts with the OAA or South Carolina law. A State Waiver is for up to a one-year period, terminating on June 30th. The LGOA reserves the right to invalidate waivers that amend its policies and procedures at any time.

The PSA and its Executive Director assume all legal responsibility and liability for the procedural and operational practices associated with this waiver, and will be held accountable for any consequences that might result from this waiver being enacted. The multiple parties associated with the State Waiver are required to follow all established LGOA policies and procedures for data collection in order to accurately track and record client data. The PSA will be responsible for fulfilling all other areas of LGOA policies and procedures operations not covered by this waiver.

The LGOA will not reimburse the PSA for unearned funding: Performance outcome requirements set through contractual agreements in the planning and service area are the legal responsibility of the PSA. The PSA is responsible for ensuring that its service providers/contractors earn their funding in accordance to the OAA and LGOA policies and procedures. If it is determined that funding is not being earned, or that data is not being accurately tracked, the PSA will be expected to execute a thorough review of the service provider's/contractor's operations which could result in a thirty (30) day Corrective Action Plan to bring the multiple parties into OAA and LGOA compliance.

Challenges	Reason Unable Perform the Requirement
The citizens of this community prefer a 3 day week program. We tried a five day per week program Tuesdays and Thursdays were inactive. We also need these programs to fullfill our obligation to the County. We currently operate 10 senior centers across Horry County which is the size of the State of Rhode Island.	Citizens of the communtiy prefer a 3 day week. Funding is not available for expanding at this time.

What do you anticipate the positive results or benefits of the waiver will be if granted?

The center is currently operating with very positive results.

What do you anticipate the negative consequences of not granting the waiver will be?

Lack of atendance on Tuesdays and Thursdays, lack of adauquate funding.

How will you determine if this waiver will lead to service or programmatic improvements?	The center has been operating 3 days per week for most of the time it has been in existance with positive results. PSA will follow the attendance and satisfaction levels of clients at this rural

center as well as the level of meaningful programming. We will work with the contractor in any additional local fundraising activities to increase service levels.

What steps will the PSA take to ensure that the Provider/Contractor adheres to the contracts signed with the PSA to provide services, functions, and activities required for OAA and LGOA funding, in addition to this waiver?

As required, all monitoring procedures will be followed throughout the contract year to assure compliance.
