## IMPORTANT NUMBERS TO KNOW

### Where can I find help during a disaster?

The South Carolina Emergency Management Division (SCEMD) is the coordinating agency responsible for the statewide emergency management program. When a disaster happens, SCEMD, county, local leaders, and volunteer organizations collaborate to coordinate a rapid response effectively. For more information regarding SCEMD or your county emergency management offices, visit [www.SCEMD.org](http://www.SCEMD.org).

### Where can I find help for day-to-day assistance?

In South Carolina, there are 10 regional Area Agencies on Aging/ Aging and Disability Resource Centers that provide services, such as home-delivered meals, transportation, in-home care, etc., to help enhance the quality of life for older adults and adults with disabilities. For more information, call 1-800-868-9095 or visit [www.getcaresc.com](http://www.getcaresc.com).

**For more information on your local AAA/ADRC and the services they provide,  
call 1-800-868-9095, or visit [www.getcaresc.com](http://www.getcaresc.com)**

**Plan Ahead.  
Stay Ahead.  
Have You Prepared?**

# SENIOR P.R.E.P.

Planning and Resources for Emergency Preparedness

SENIOR P.R.E.P. is a program designed to provide planning resources to aid South Carolina's older adult population and those with a disability in emergency planning.

## DID YOU KNOW?

South Carolina's older adult population is growing at a significant rate. It is expected to present national and local challenges, and is projected to more than double to 1.8 million by 2030.

### Personal Emergency Planning

- Not all emergencies are a result of a natural disaster.
- Identifying potential hazards can reduce the dangers of serious injury or loss of life.
- Individual emergency preparedness should also include planning for the short and long-term needs of you and your loved ones.
- You should have an emergency kit and a plan at home, work, and in your car.
- You should be prepared to support yourself and your family for at least 72 hours (3 days) following a disaster.

## HELPFUL WEBSITES

The information provided on the following websites may be helpful. However, not all listed sites are official government sites and may not be completely up-to-date or accurate.

- SC Emergency Management . . . . . [www.scmd.org](http://www.scmd.org)
- SC Consumer Affairs . . . . . [www.consumer.sc.gov](http://www.consumer.sc.gov)
- American Red Cross . . . . . [www.redcross.org](http://www.redcross.org)
- FEMA . . . . . [www.fema.gov](http://www.fema.gov)
- GetCareSC . . . . . [www.getcaresc.com](http://www.getcaresc.com)

## EMERGENCY TIPS

- Create an emergency kit.
- **Check your emergency supply kit every six months for expired items.**
- Talk to your support system and decide what to do during an emergency.
- **Make plans on where you will go if asked to evacuate.**
- Consider staying with family and friends.
- Consider what personal abilities and limitations may affect your response during an emergency.
- **Talk to your insurance agent to make sure you have adequate disaster coverage.**
- Keep important numbers near your phone.
- Keep important documents in a secure place.
- **Keep a list of all medications, prescriptions, and dosages.**
- Refill your prescriptions when they are eligible.
- Notify your local fire department of any special needs you may have that would require assistance.
- **Label special equipment with your contact information.**
- Keep support items in an easily accessible area.
- Plan ahead for your pets.
- **Test your smoke and carbon monoxide alarms to ensure they have power, and make sure your smoke alarms are not expired and not more than 10 years old.**
- **Follow local media for updates.**
- Make additional planning and preparedness efforts based on your and your family's needs.

### Plan for Your Pet(s)

Remember that animals react differently under stress. It is important to make plans for them before an emergency.

- Include your pet in your family disaster plan.
- Keep your animals' immunization records and medications on hand.
- Have a cage/carrier, leash, bowls, food and water for each pet.
- If you evacuate, plan to evacuate your pet too.

### Roadmap to avoid scams

- Don't answer calls or respond to text messages from numbers you don't know. Block these numbers as they come in.
- Don't give personal or financial information for a request you didn't expect. Legitimate businesses don't do this.
- Don't fall for high pressure tactics. Anyone who pressures you to make a decision, pay or give over personal info is a scammer.
- Know the forms of payment scammers like to use. Beware of gift cards, cryptocurrency, and wire transfers.
- Stop and talk to someone you trust. Before you do anything, tell a friend, family member or neighbor what happened.

Information provided by the SC Department of Consumer Affairs

## THINGS TO CONSIDER

*Don't be afraid to ask for help.*

### Older adults with Disabilities or Functional Needs

- Plan with family, friends and caregivers to assist with limitations.
- Include necessary assistive technology and medical supplies (i.e., oxygen tank) in your emergency kit.
- Have a plan or backup resource to power essential medical equipment.
- Check with any agency providing you services for special provisions in an emergency.
- Have clear and concise instructions for rescue personnel regarding special needs or equipment.
- Map out accessible emergency exits at home and work.
- Consider getting a medical alert system that can be used to call for help.

## EMERGENCY BASIC NEEDS AND SUPPLIES CHECKLIST

- FIRST AID KIT (INCLUDING PRESCRIPTION MEDICATIONS)
- FLASHLIGHT W/BATTERIES
- BOTTLED WATER (2 GALLONS PER PERSON PER DAY)
- NON-PERISHABLE FOODS AND MANUAL CAN OPENER
- IMPORTANT DOCUMENTS (I.E., INSURANCE POLICIES, WILLS, SOCIAL SECURITY CARDS, ETC.)
- EXTRA EYEGASSES AND HEARING AIDS
- PERSONAL HYGIENE & SANITATION ITEMS
- CLOTHING AND BEDDING
- CASH
- MOBILE DEVICE CHARGERS
- PET SUPPLIES
