

## South Carolina Food Access Maps

Tool	Description
<a href="#">SCDHEC Food Desert Map</a>	<p>The Food Desert Map was created with data from the USDA Economic Research Atlas to help partner agencies identify low-income areas with poor access to healthy foods (supermarkets or grocery stores), aka “food deserts”.</p> <ul style="list-style-type: none"> <li>• Green shaded areas where a significant number of low-income residents reside with poor food access: more than 1 mile (urban) or 10 miles (rural) from the nearest supermarket.</li> </ul> <p>Strategies: identification of target areas for home-delivered or congregate meal services, grocery bag programs, partnerships with entities such as: FoodShareSC (or similar entity), mobile markets or food pantries, etc.</p>
<a href="#">Clemson + SCDHEC Food Access Map</a>	<p>The Clemson + SCDHEC Food Access Map identifies food resources across the state. Filtering options include: senior oriented resources, organizations that accept SNAP, etc.</p> <ul style="list-style-type: none"> <li>• Examples of resources: Congregate meal sites, Food pantries, and office locations for DSS, DHEC, and United Way.</li> <li>• If you would like your organization added to the map or if there are any errors with your organization listed, please email <a href="mailto:foodaccessmap@clemson.edu">foodaccessmap@clemson.edu</a></li> </ul>
<a href="#">Grocery Store Access Map</a>	<p>This mapping tool shows walkable access to grocery stores (green shaded areas) versus no walkable access. Grocery stores locations can be identified with red icons.</p>
<a href="#">SCDHEC Farmers' Markets and Roadside Markets Map</a>	<p>The SCDHEC Farmers’ Markets and Roadside Markets Map was created to showcase and promote markets where the community can purchase fresh fruits and vegetables. Information can be filtered by county. Payment methods for produce is also included (i.e. accepts SNAP).</p>
