Entity Type	Nonprofit Organization

Organization Contact Information

Contact Name	Missy Corrigan
Position/Title	CEO
Telephone	803-774-2499
Email	mcorrigan@ymcasumter.org

Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
construction project - senior center	\$750,000.00	funds will be used to construct a building on Y property
Grand Total	\$750,000.00	

Please explain how these funds will be used to provide a public benefit:

As part of the Y's commitment to serving all, this YMCA senior community center will address the needs of a diverse and aging population by leveraging our community partners to provide low to no cost services that intersect at the apex of health and social needs. Various frameworks emphasize a holistic approach that integrates physical and social aspects of well-being for aging adults. This approach will enable the Sumter Y to serve community members along a wide spectrum of life stages, producing programs and services that result in improved quality of life and reduced social isolation within this population. Loneliness and social isolation have a negative impact on one's physical and mental health. Over the last several decades, loneliness and social isolation has increased markedly. This trend was magnified by the COVID-19 pandemic. Today, many seniors experience much higher rates of loneliness and social isolation than their cohort has in decades past. Referred to as the 'loneliness epidemic' by the U.S. Surgeon General, the health impact of social disconnectedness ranges from cognitive decline and increased depression rates to decreased mobility and a higher mortality risk from chronic diseases, all of which has a significant impact on our healthcare system, workforce, and economy. Research published in the Journal of Health and Social Behavior shows that benefits gained by reducing social isolation are comparable to the health benefits gained by quitting smoking. Studies show that social connections for the aging population mainly occur at community centers, uniquely positioning the Y to address these concerns. Expected positive outcomes include improved mental and physical health, greater engagement in relationships, work and community, and a strengthened sense of belonging.

Organization Certifications

- 1) Organization hereby gives assurance that no person shall, upon the grounds of race, creed, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity for which this organization is responsible.
